ImagineNano 2013 will take place in Bilbao (Spain) at Bilbao Exhibition Centre (BEC) - meeting place where technology and innovation work hand in hand in the generation of new business opportunities. In this edition, **new** conference rooms will feature high-level infrastructure, audio and video solutions.

Why the Basque Country again? It really demonstrates its strengths in nanoscience and nanotechnology and position itself as a major player in the "nano" world, hosting a large number of leading players in this emerging field.

ImagineNano will be the largest European Event on Nanoscience & Nanotechnology to be held in Bilbao (Spain), from the 23rd until the 26th of April, 2013. This second edition will be organized by Phantoms Foundation, CIC NanoGune, Donostia International Physics Centre, Euskampus, in collaboration with the Bilbao Exhibition Centre (BEC).

Under the same roof 7 International Conferences will be organized in parallel (Graphene, NanoSpain, nanoBio&Med, PPM "Photonics, Plasmonics and Magneto-optics", TNA Energy, nanoSD "Security & Defense" and SPM "Scanning Probe Microscopy"), as well as a vast exhibition showcasing cutting-edge advances in nanotechnology research and development, an Industrial Forum and a partnering event (one-to-one meetings). You get to meet the global nanotechnology community, including researchers, industry policymakers and investors.

In 2011, the event gathered nearly 1500 participants, presented more than 300 speakers and featured around 600 posters.

ImagineNano is back in 2013 and will definitely serve as an international platform for communication between science and business. ImagineNano is now an established European event bringing together Nanoscience and Nanotechnology.

We look forward to welcoming you in Bilbao.
